SUMMARY 2022

rpo.lodzkie.pl

20

22

EU grants

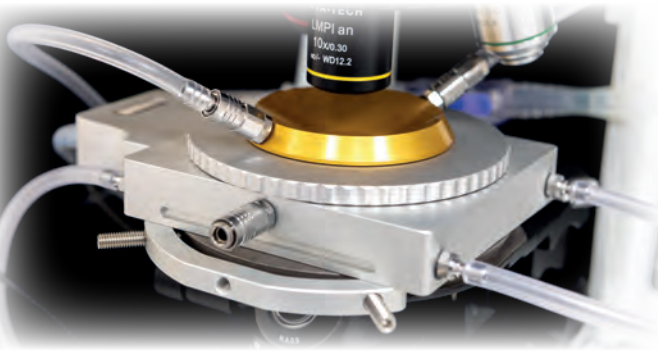

are not just investments in business and infrastructure. European Funds are primarily for people.

In 2022, **448 contracts** were signed with the EU contribution of **PLN 770.7 million**. This allowed to reach the level of 94.5% of contracted EU funds at the end of 2022 (since the beginning of the Program implementation). By the end of 2022, **4,827 projects** were completed, which is an increase of approx. 14% compared to 2021.

The **Marshal's Office of the Lodzkie Region** is responsible for distributing the funds under the ROP for LR. Grants awarded are used to improve the quality of life of the region's inhabitants and increase its competitiveness. Money from both ROP for LR funds (ERDF and ESF) support various sectors of the economy, environmental protection, revitalisation and health-promoting activities, as well as education and social integration.

Additional equipment was purchased, such as furniture, cots, changing tables, toys and teaching aids; **The amount allocated for the above aid exceeds PLN 600,000**
- 55 additional pre-school places were created for children from Ukraine aged 3-6. The conducted activities included i.a. employing additional teachers, purchase of didactic and multimedia equipment, additional activities. **The amount allocated for the above aid exceeds PLN 1.5 million**

What did 2022 bring **for the Lodzkie Region?**

EXAMPLES OF PROJECTS CO-FINANCED UNDER ROP for LR 2014-2020

Construction of a multimodal terminal in Zduńska Wola - Karsznice

EU funding:
PLN 51, 70 million

- The multimodal terminal in Zduńska Wola - Karsznice will connect and handle rail and road transport and their combinations
- The construction of the new terminal will improve the situation of road and rail freight carriers as well as enterprises that transport goods over long distances
- Local residents will be able to find employment in the newly constructed modal terminal and in terminal-related enterprises (warehouses, distribution)
- As part of the investment, the following works will be carried out: construction of a complete technical infrastructure, purchase of two IT systems, project management, project promotion

Reconstruction of the commune road Wolbórz - Zwierzyniec - Modrzewek - Młoszów together with Gadka street

EU funding:
PLN 3,62 million

- The need for the implementation of this project results from the poor technical condition of the road, narrow and dilapidated roadside surfaces, blocked rainwater drainage ditches
- The road in question is used mainly by the residents of the Wolbórz commune and others using this road as an access road to logistics centres and the Wolbórz junction (S8 expressway)

„Tum - the Pearl of the Romanesque Route of the Łęczyca Land”

EU funding:
6,50 million

- A partial reconstruction of the medieval stronghold in Tum was carried out, along with the construction and reconstruction of the accompanying infrastructure for tourist purposes
- The result of the project will be: a fortified settlement adapted to perform tourist functions and adapted to the needs of the disabled, a car park and paths will be built and a part of the road will be rebuilt for tourist purposes
- The project will be complemented by a campaign promoting the offer of the Łęczyca Land, in which one of the most important points will be the reconstructed stronghold
- The target group are the inhabitants of the Lodzkie Region and tourists visiting the region

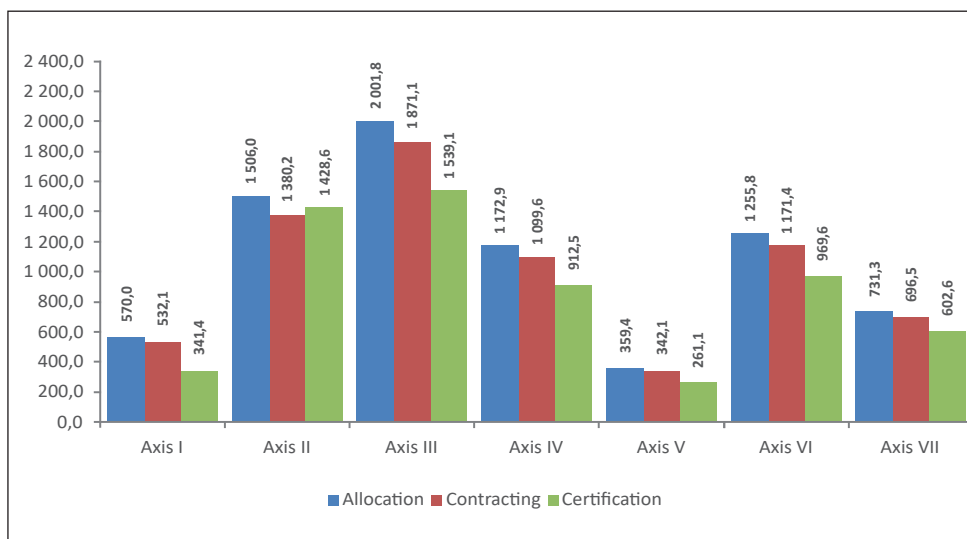

So many subsidies in one year!

Thanks to the **European Funds** thousands of projects that improve the quality of our daily life are implemented. Positive changes can be encountered at every turn: new companies, innovative products, modern schools, kindergartens, nurseries, and museums.

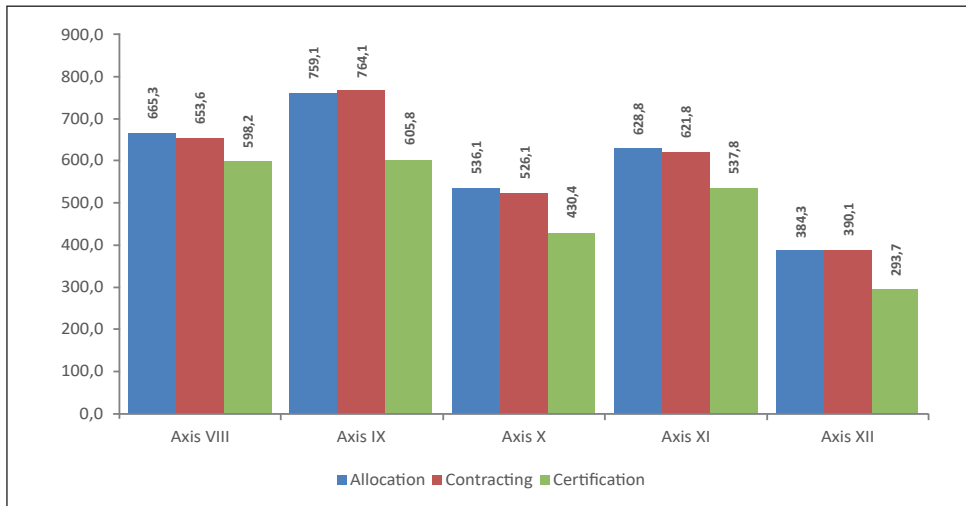

Since the beginning of the implementation of the Regional Operational Programme for the Lodzkie Region for the years 2014-2020, nearly **600 competitions / calls for proposals** have been held.

Since the beginning of the implementation of the Programme, Beneficiaries have submitted **11,582,000 formally correct applications** for the implementation of their concepts. Of these, nearly **54.4%** were approved for co-financing. The Board of the Lodzkie Region signed **6,303,000 contracts** in which the EU contribution amounted to **PLN 10,125 million**.

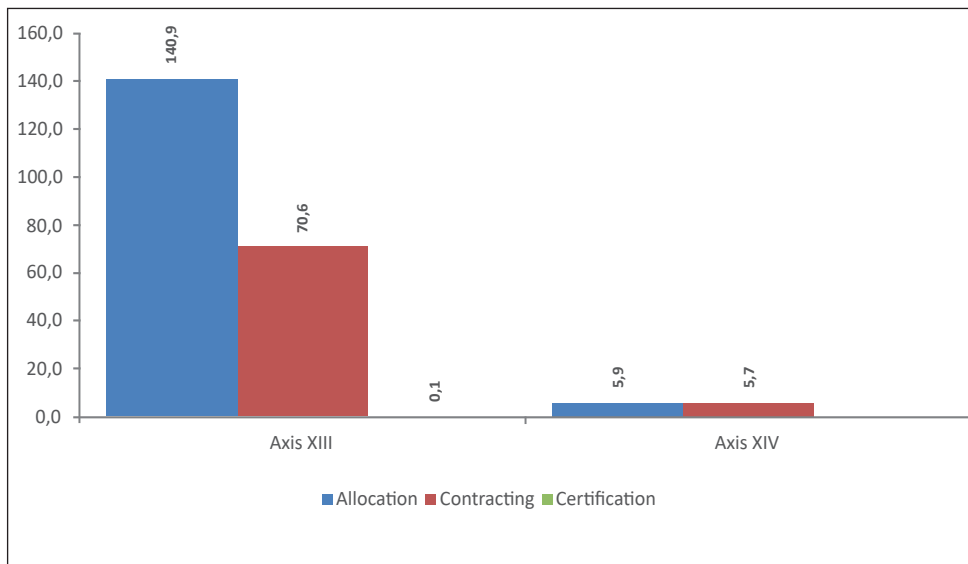

Implementation progress (EU co-financing) ERDF - in PLN million
(since the beginning of the Programme implementation)

Implementation progress (EU co-financing) - in PLN million (since the beginning of the Programme implementation)

Implementation progress (EU co-financing) REACT-EU - in PLN million (since the beginning of the Programme implementation)
